BARTON**

## Welcome to your new look newsletter

### Devonport visit

In November Members of the Regeneration Steering Group went on a tour of Devonport, an area that has recently experienced lots of regeneration. Residents were taken on a tour by three former directors of the project and were able to see the impact that regeneration can have on a place. The day was a great success with the group making notes of what they liked and didn't like in preparation for a meeting with the Barne Barton architects.

## Feedback from our December consultation event

On Thursday 7 December we joined forces with Tamar View Community Centre at the Christmas Cracker event. This was our second consultation event – a chance to show you the latest plans for the redevelopment of Barne Barton. The information on display showed how we've taken on board feedback from the last consultation event and provided more detail about the types of homes we plan to build.

## Bridging Barne Barton

Fotonow is carrying out a social history project in Barne Barton called Bridging Barne Barton: The Island Stories.

As part of their project they have been taking photos of Barne Barton so we can document it now and as it changes as part of our regeneration plans.

In November 2017 Fotonow took photographs and recorded film footage using a drone camera to capture how the estate looks from the sky.

For more information about Fotonow's project visit [www.theislandstories.co.uk](http://www.theislandstories.co.uk)

If you have, or know anyone who has a story about Barne Barton - please get in touch by emailing [lisa@fotonow.org](mailto:lisa@fotonow.org)

## Your questions answered

A number of residents have viewed and commented on our plans for regeneration online. If you would like to look at our proposals please visit <https://barnebarton.commonplace.is>

Here are some answers to the questions you have been asking us.

### **When will regeneration begin and when will I have to move?**

The earliest we'll begin regeneration will be the end of this year (2018). We'll let you know as soon as we have a clearer date. We are already working with many of you to start the moving process. If you have any questions for Natalie or another member of the team please email [barnebartonregen@clarionhg.com](mailto:barnebartonregen@clarionhg.com)

### **How should I leave my home when I move from Barne Barton?**

When the time comes for you to move away we need you to clear your home of all your possessions. It has to be empty with no rubbish or furniture left behind. If you have carpet or laminate flooring you can leave this behind. If you have removed any internal doors you don't need to rehang them. Feel free to get in touch if you need us to clarify anything.

### **Will there be outdoor seating in the new homes for residents without gardens?**

We are starting to work out more of the detail for the outdoor areas, including outdoor seating. We'll have more news on how you can get involved in this over the coming months.

### **I am a Sovereign Housing tenant and I live in the Savage Road block. Why has this block been left out of the regeneration project?**

Clarion Housing Group does not own the Sovereign Housing blocks of flats on Savage Road. We will be working with Sovereign to ensure any neighbouring open spaces are well linked and keeping Sovereign residents informed about our plans. We are unable to include these flats in our regeneration project because we do not own them.

## Community fun day

Fotonow will be holding a Community Day on **Friday 16 February** at **The Regen Space, 8 Roberts Road**.

**The Regen Space** will be open **10am–4pm**.

Why not pop in for a chat and find out more about the social history project?

Hop on the Camper Obscura and join us in the oral history booth to share your memories and experiences about living on the estate. The Camper will be parked at the top end of **Poole Park Road 10am–1pm**.

A photography workshop will be held in the **Regen Space 1-4pm** so come along and have a go.

## Come and visit us

We understand that you want to know more about the moving process for the proposed development of Barne Barton. Come along to our **regeneration housing surgery**.

Venue: The Regeneration Space, 8 Roberts Road

- **Monday 19 February, 2-4pm and 5-7pm**
- **Wednesday 7 March, 2-5pm**
- **Monday 9 April, 2-5pm**

This is a chance for you to ask questions about the next steps, the moving process and what you are entitled to.

If you are unable to visit, but have a question, please email us at **[barnebartonregen@clarionhg.com](mailto:barnebartonregen@clarionhg.com)**
