

Barne Barton news

Welcome to the **summer** edition of the newsletter

Regeneration update

As you are aware we entered into a Pre-Construction Service Agreement with a building contractor to start developing Barne Barton and this is now complete. Clarion made a decision not to progress with the initial contractor and is negotiating with an alternative contractor.

The next step is to enter into a building contract and prepare for the work on site to begin. This will take time and we anticipate building works will start on site by the new year.

This means we are now looking at the first homes at Barne Barton to be completed in early 2023. We appreciate this will be disappointing news, but we want to reassure you that Clarion is committed to building your new homes.

We'll update you regularly as plans progress.

Upgrade update

We've completed upgrade works on the existing homes across Barne Barton to make them more comfortable while residents wait for their new properties to be built.

We carried out external and internal communal painting works to freshen up nine blocks, which are home to 30 households.

Thank you to those living on site for your cooperation during the works.

Summer fun in Barne Barton

This summer we're planning fun activities for residents.

The events will give you a chance to catch up with your neighbours.
The first planned event was a picnic lunch on Saturday 14 August.

We'll also be exhibiting at the Plymouth Partnership event in September.
Look out for more information closer to the date.

Reporting repairs

For those still living at Barne Barton we encourage you to report any repair issues through your Clarion online account, by contacting customer services on **0300 500 8000** or via the website at: myclarionhousing.com/repairs-and-maintenance/request-a-repair

Contact us

If you have any questions about the regeneration please contact

Nicola Evans on **0300 500 800** or
