Introducing your consultation officers

“Hi, we’re Sharon and Donna. We’re here to make sure you get all the information you need about the consultation that we’re launching today. Over the coming months we will be out and about on the High Path estate. You will see us knocking on doors and at consultation events. We want to hear your views and suggestions around improving your homes and the areas you live in. Please come and find us with any questions or ideas you have. We look forward to meeting you all.”

Why are we considering regeneration?

Merton Priory Homes took over the management of High Path from the local council in 2010. When we did this, we promised all residents that we would carefully consider how we could improve homes and outside spaces across our estates.

Over the last three years we’ve worked hard to carry out repairs on your estate and make improvements when they are needed. We now need to think about the long-term future of your estate. We want to ensure that your living conditions, communal areas, and the surrounding outside space are the best they can be. We also want to make sure that High Path improves alongside neighbouring areas.
