Working with residents to secure the future of the Sutton Estate

£37 million investment

Blocks A-D fully
refurbished as social rent

Remaining
homes will be
modernised

Clarion Housing is committing £37 million to improve the entire Sutton Estate. The empty Blocks A-D will be completely refurbished, bringing 80 social rented homes back into use. These will be larger, better designed family homes.

When these homes are ready to be rented again priority will be given to residents currently living on the Sutton Estate.

We will be modernising the rest of the estate by installing new kitchens and bathrooms into blocks E-K and N-O and upgrading all the outdoor space.

Working with you

The involvement of local residents in the plans for your homes is vitally important. This includes helping to shape the planning application which we hope to submit in 2020. We'll be in touch soon with details about workshops and consultation events for you to get involved in.

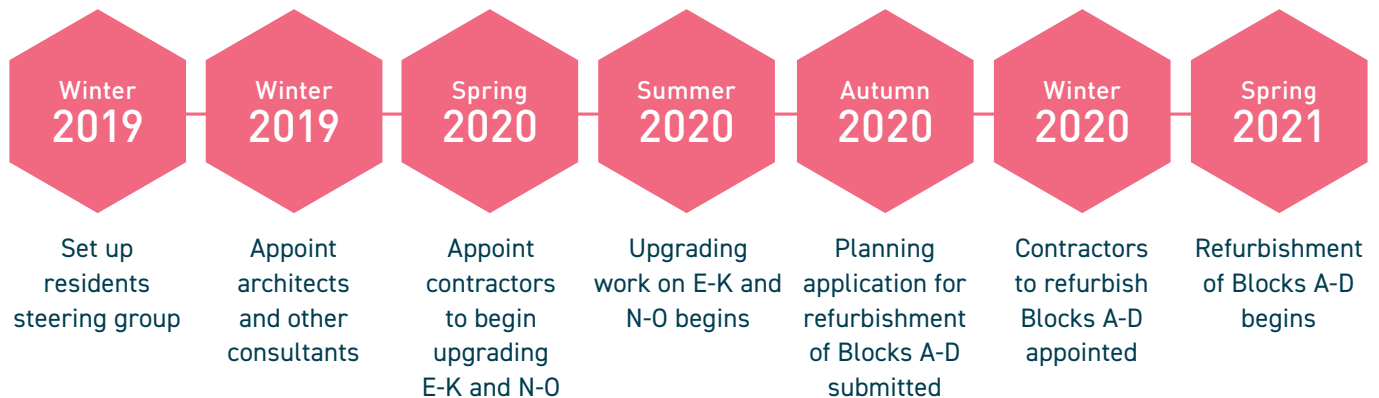

Join the steering group

Are you interested in taking part in a steering group to work with us to help improve the Sutton Estate?

This would include looking at how blocks A-D will be refurbished, improvements to the sunken garden and how the rest of the estate will be landscaped. The steering group would continue throughout the entire regeneration process.

If you are interested please contact **Natalie Down** on **0300 500 8000** or email suttonstatechelsea@clarionhg.com.

Contact us

If you have any questions please drop in to one of our regeneration surgeries. These will take place every other Thursday, starting from 21 November, in the estate office between 10am and 12 noon. You can also give us a call on **0300 500 8000** or email SuttonEstateChelsea@clarionhg.com.
